SNAPSHOT-UV

All accessories are a solution to the NDT marketplace. These solutions are driven by customer requests. The REL *SNAPSHOT-UV* is no exception. Take pictures of indications while inspecting with a GoPro HERO9™ camera mounted directly to your REL Glo-Black LED UV-A Lamp.

1. 12 deg camera angle optimized for inspection at 15 inches
2. Hands free camera with macro lens focused for recording images clearly at 15"
3. SNAPSHOT-UV image of a 1/4" indication on a KDS panel
4. REL part # UV-GP-K includes:
GoPro HERO9™ mounting bracket, remote, wrench, 2 batteries with charger, 64GB SD card, 2 USB-C cords

We welcome the tough questions. (906)-337-3018
